

## 2012 UCR Program Update October 2011

Mailing of the 2012 renewal applications for the Unified Carrier Registration (UCR) program will begin on or about October 7, 2011.

There are no fee increases for the 2012 UCR renewal program.

On-line registration is available beginning October 3, 2011, at [www.ucr.in.gov](http://www.ucr.in.gov) (extra fees apply).

Enforcement of the 2012 UCR program will begin nationwide on January 1, 2012. As in past years, carriers will not be required to carry or display UCR receipts in their vehicles. Enforcement personnel will use electronic records to verify UCR compliance.

The criteria allowing the deletion or exclusion of vehicles, found on the 2012 UCR application, Section 4, # 1 (optional), used in intrastate commerce has been clarified by the UCR Board. A vehicle may be subtracted from UCR fees if the vehicle is used exclusively in the intrastate transportation of property, waste or recyclable material and;

1. the vehicle did not or will not travel outside the state;
2. the vehicle did not or will not carry property, waste or recyclable material that originated outside the state or is destined for a location outside the state, and;
3. the vehicle was not or will not be registered under the International Registration Plan (IRP). The vehicle must not have an apportioned plate.

For auditing purposes, you must maintain a list of vehicles deleted or excluded under this option.

A blank 2012 UCR application, instruction sheet, cover letter and other supporting information regarding UCR can be found on the Commission's website under the Transportation Section @ [www.icc.illinois.gov](http://www.icc.illinois.gov)
